

TO: Vladimir BREGADZE

Dear Vladimir,
I have to say that **this has been one of the most relevant and interesting Euroboron meetings I have attended, and that the organization, the venue and the atmosphere have been superb.**
The congress dinner was fantastic, worth to participate. You did a great job!!!

Congratulations.
All the best
Francesc

Dear Vladimir,

*Thank you very much for your very kind hospitality during my stay in Suzdal and Moscow. It was really wonderful meeting of EUROBORON. It was also my great honor to visit your institute to give a talk in front of your colleagues.
Please send my regards to Elena.*

Best regards,

Hiroyuki Nakamura, Ph.D.

Dear Vladimir,
I would like to **thank once more for excellent organization in beautiful place.** It was a great pleasure to me to attend this conference!
Best regards,

Andrzej

Dear Vladimir,
first of all, on behalf of all Czech participants I would like to **thank you and all members of Local Organizing Committee for your warm hospitality in Suzdal and respect to its site, organization of the sessions, equilibrated programme, quality of accommodation, meals and social events.**
It was very useful to hear about recent progress in all areas of boron chemistry and very pleasant meeting old friends there.

With my best regards,

Bohumir

Dear Vladimir
Just back at work following an extended tourist weekend in Moscow.
Like other colleagues I should like to **thank you for the superb organisation of EuroBoron7, which I and my group enjoyed enormously.**
Best wishes
Alan

Dear Vladimir,

First I would like to **thank you for the perfect organisation of Euroboron 7, from the first circular to the meeting itself.** We also appreciated a lot the scientific aspects in which a lot of sub-topics in boron chemistry were covered. As Francesc mentioned, the atmosphere was excellent which helped the scientific discussions. Finally, I thank the committee for placing it trust in us, in Montpellier, for the organisation of Euroboron 8. We will do our best for the success of the conference, and we will be delighted to have your comments and suggestions during the process.

All the best,

Philippe
