

# 7th ALL-RUSSIAN CONFERENCE "FLUORINE CHEMISTRY"

**June 5-9, 2006**

**Moscow, Russia**

**Conference is devoted to 100th anniversary of  
outstanding chemist Professor I. L.  
KNUNYANTS**

**Organizers:**

Russian Academy of Sciences.

Department of Chemistry and Material Sciences.

AS Scientific Council on Organic and Organoelement Chemistry.

A.N. Nesmeyanov Institute of Organoelement Compounds of  
RAS.

---

**Primary sponsor:**

**ISTC**

## **SCIENTIFIC PROGRAMME**

**Scientific Programme** comprises important and topical aspects of the chemistry of fluorinated organic and inorganic compounds, technology, and applications that may become of priority interest within the next 10 to 15 years:

- **Synthesis and reactivity of fluorinated compounds**
- **Structure and properties of fluorinated compounds**
- **Practice and prospects of applications of fluorinated compounds and materials to various fields of science and engineering**

The Conference Programme will include plenary lectures (duration 30 min) given by leading Russian and foreign scientists, oral presentations (duration 15 min) and poster sessions. Round tables with representatives from industry are planned to be organized.

### **Information for Presenters**
